LIFT FALL STUDY

Tuesday 9:30 - 11:30
beginning September 17th

Our decisions don't just affect our present circumstances; they radiate into our future. Most of the time, it's impossible to know what will come of the decisions we make. But this doesn't have to paralyze you. You can train yourself to ask well-placed, appropriately timed, thought-provoking questions that will result in stronger decisions and fewer disappointments down the road.
