## PRAYER REQUESTS

- During this season of Lent, for each of us as we wrestle with the fragility of life, the weight of this broken world that we tangibly feel the peace of God who loves us
- All those battling various seasonal illnesses
- Patti's Duckworth's husband, John, recovering from a broken hip
- National and international political leaders
- Lynn (Assoc. Pastor FBC Port Angeles) & her husband Rhys are leading a mission trip to Puerto Rico
- IM Missionaries Ann & Bill Clemmer and those they serve in Goma (Democratic Republic of Congo), Soldiers entered the hospital Friday night and took 40+ away... some patients and some night cleaners (who are former Sunday school teachers.) Though the 7 cleaners were returned the next day, it was a traumatic event for all. But worship continues. [Link: Worship In Goma](#)
- The church in India: where more than 10 Christians were recently arrested in the Uttar Pradesh region, on charges of illegal religious conversions under the updated local law. This grants authorities broad powers to arrest anyone accused of conversion based on complaints from unrelated individuals.
